

Tool Box

A toolbox it is another inexpensive container to purchase and fill with interesting items. Most homes would have had a basic tool selection in their garage or under the stairs. A toolbox has a handle, so someone can carry it around with them, giving them a sense of purpose. Opening and closing boxes is interesting for people and offers that element of surprise.

The items you place in the toolbox can evoke reminiscences and makes for a meaningful and engaging activity.

You will need:

- Plastic PVC light weight toolbox
- Object for the toolbox
- Pen and paper

What you do:

- Think about the items you can use in the toolbox which can be left unattended.
- PVC pipping, paint brushes, chains and locks, paint samples, a level or lightweight tape measure.
- Using the pen and paper make a sign asking, "what in the tool box?"
- Place in an area when people can pick it up or rummage inside.
